E. Action / Discussion Items

6. P1Group has proposed the following facility improvements which were previously presented in the Investment Grade Audit of August 28, 2017:

Facility Improvement Measures:

New Intercom, Clock & Bell System – High School/Middle School and Elementary
P1Group proposes to provide turnkey installation of the projects during the summer of 2018. The work is to be contracted utilizing P1Group's Kansas state contracts 11889AB for mechanical work and 38949 for electrical work.

The price for the proposed improvement measures is listed below:

New Intercom, Clock & Bell System- Hillsboro Middle High School and Hillsboro Middle School;\$118,480

Proposed Scope of Work

New Intercom, Clock and Bell System:

Hillsboro Middle High School

Replace the existing system with an integrated intercom/clock/bell system with the following:

Intercom System

- Remove existing speaker and call button components, install cover plates as needed to conceal any cavities from the demolition
- Furnish and install new speakers and call buttons in each classroom, common area and hallway
- Install additional speakers in large 1984 gym
- Expand system to the maintenance shop
- Expand system to the Vo-Tech rooms not currently covered

Clock & Bell System

- Clocks in each hallway, classroom and the main office
- Clocks will be wireless, utilizing D-cell batteries
- Automatically update to master clock
- Clock mounting. (USD 410 to designate desired location of clocks)

All systems include full wiring, hardware and equipment for a fully functional system. All plenum rated cable in above drop ceilings. Paintable wire mold will be installed as needed. No conduit will be installed.

Hillsboro Elementary School

Replace the existing system with an integrated intercom/clock/bell system with the following:

Intercom System

- Remove existing speaker and call button components, install cover plates as needed to conceal any cavities from the demolition
- Furnish and install new speakers and call buttons in each classroom, common area and hallway
- Install additional speakers outside to cover playground areas

Clock & Bell System

- Clocks in each hallway, classroom and the main office
- Clocks will be wireless, utilizing D-cell batteries
- Automatically update to master clock
- Clock mounting. (USD 410 to designate desired location of clocks)

➤ ***Recommended Action***

Motion to approve the P1 Group proposal for Installation of New Intercom, Clock & Bell System for Hillsboro Middle High School and Hillsboro Elementary School at a total cost of \$118,480
